

FRESH START SELF-CARE SERVICES

Confidence. Dignity. Preparation. A Fresh Start.

Second Path Reentry Network believes that rebuilding your life includes rebuilding confidence and self-esteem. Looking and feeling your best can make a meaningful difference when returning to the community, beginning a new job, attending an interview, meeting with a potential landlord, or simply taking the next step forward.

Through our Fresh Start Self-Care Services, participants may receive access to:

- Haircuts and barber services
- Basic hairstyling and grooming
- Interview and employment-ready grooming
- Personal hygiene and self-care items
- Professional and everyday clothing
- Referrals to participating barbers, stylists, salons, and community partners

Our goal is to help participants walk into new opportunities feeling **prepared, confident, respected, and ready for their second path.**

“Because sometimes a fresh start begins with feeling good about the person you see in the mirror.”

**NO ONE WALKS ALONE
BELIEVE • PLAN • WORK • ACHIEVE**
